Hi Jim,

Just a quick follow-up note for you:

Although I asked EPA's reviewers to respond by COB Monday, 12/18, the Agency's comments are not due to OMB until COB Wednesday, 12/20. So you will have a bit of time after the interagency call on Tuesday to pull things together.

I hope this will work for you, but if not, let me know and we can make adjustments.

Thanks, Stuart

"Waste Prevention, Production Subject to Royalties, and Resource Conservation;

Rescission or Revision of Certain Requirements"

Importance: High

Hello Jim,

On November 27th, you provided the Agency's composite comments (including input from OAR and OP) on DOI/BLM's draft NPRM: "Waste Prevention, Production Subject to Royalties, and Resource Conservation; Rescission or Revision of Certain Requirements." I submitted the comments to OMB and now we have received DOI's pass-back to the interagency review comments it received.

Specifically, the following attachments are included:

- The Notice of Proposed Rulemaking (NPR) with track changes and responses to comments
- A clean version of the NPR with no track changes or comments
- The Regulatory Impact Analysis (RIA) with track changes and responses to comments
- A clean version of the RIA with no track changes or comments
- The Environmental Assessment (EA) with track changes
- A clean version of the EA with no track changes

OMB also sent a calendar invitation for an interagency call to discuss this rule on Tuesday, December 19, at 1:30pm. In a few minutes, I will forward that invitation to the recipients of this email.

Reviewers: Please review the pass-back documents and provide comments on the clean versions. In order to allow for consideration and compilation of Agency comments prior to the interagency call, please respond by COB Monday, 12/18, to our proxy mailbox: **Ex. 6 Personal Privacy (PP)**. To be clear: silence will be interpreted as "no comment."

Thank you, Stuart
